Our conference provides a unique forum focused on encouraging the free exchange of knowledge and ideas amongst cyber professionals. As a 5 day summit, Cyber Week comprises of over 50 events, including; conferences, seminars, networking events and workshops.

With internationally acclaimed expert speakers and high-level content, Cyber Week provides an important intersection between government decision makers, leading academics, industry executives and thought leaders. Our audience is comprised of a range of senior officials and experts, including CEOs, CISOs, C-suite executives, policy makers, prominent research scientists, startups and investors.

The Blavatnik ICRC prides itself on our interdisciplinary approach to cybersecurity. As such, Cyber Week focuses on a range of different topics related to the field including; Blockchain, Governance, Privacy, Cybercrime, Threat Intelligence Sharing, Policy & Law, Cloud, DevOps, Critical Infrastructure and more.

In addition, Cyber Week hosts various workshops and roundtables focused on strengthening bilateral ties with range countries, including Australia, China, France, India, Singapore, United States, United Kingdom, Italy and many more important global actors in the field.
